Note	Optimum locking function is only guaranteed with connection cable 7856.014.
Packs of	20 pc(s).
Net weight	0.02 kg
Gross weight	0.048 kg
Customs tariff number	39269097
ETIM 9	EC002620
ECLASS 8.0	27189261
Product description	DK Cable lock PSM, For PSM EN 60 320 C13 connector configurations

Tender text

Cable clamping for all Rittal power system module C13 plug templates

Cable clamping for PS modules fitted with C13 IEC plugs. The bolt, which has been especially designed for PS module systems, can clamp two connection cables. This ensures that all of the final unit's connection cables are protected against unintended power supply removal.
Two bolts are required for two C13 connection cables. An optimum locking function can only be provided if the connection cable is used (DK 7856014).
