VX 9840.302 - VX Hybrid Double Door Carbon steel

The VX Hybrid Double Door is a robust yet lightweight enclosure solution, perfect for applications where simple, quick deployment, portability, and safety are critical. The removable mullion allows for a single mounting panel and ample space for installing and removal of the panel. With our superior dip-paint primer and powder coat paint, these enclosures will meet the conditions of many environments and applications. High level of protection to IP 66/Type 4.
