## RITTAL NEW ZEALAND ON THE ROAD AGAIN

The Rittal mobile showroom tour kicks off again this month starting in the South Island and making its way to the North Island of New Zealand.

New Zealand Sales Manager, Chris Thorpe said, "New Zealand is a very spread out country spanning 1928kms making tradeshow's costly and often awkward for the market to attend and the mobile showroom allows us to introduce our solutions to the entire NZ market." On average, the tour will see over 3000 customers, travel 9000 kilometres and take 3 months to complete.

In preparation for the 2016 tour, Rittal New Zealand have been busy fitting the showroom with new display boards and an extensive new range of products –

FRIEDHELM LOH GROUP

including The New Blue e+, Data Centre In A Box, LCP DX, Fire Suppressant, Monitoring, New TS-IT Rack, Power Distribution Unit, TS8 System Enclosure, Metal and Stainless Steel Wall Mounted Enclosures, large and small Hygienic Enclosures with stand offs, Outdoor CS cabinet, Fibreglass Enclosures, New Fans and Filters, Terminal/Junction boxes in Metal, Stainless Steel and Hygiene Nano Coated stainless, Swing arm systems, and a variety of accessories along with a large screen TV showing presentations.

Chris Thorpe added "New innovations are always on display – the showroom leaves nothing out and contains both Industrial and IT solutions". All products on display are operational to enable live demonstrations.

This value added service enables the team to talk possibilities, demonstrate solutions, give answers and provide customers with meaningful technical information. Chris Thorpe concluded, "Our customers get to physically see the product and how it fits for them as providing a solution for their business".
