Gland plates for module plates

Gland plates with cut-outs for module plates for cable entry in unfavorable ambient conditions for the VX25 enclosure system.

To increase the protection category in heavily dust- or oil-laden ambient air.

The gland plates can be exchanged for standard gland plates in the base frame of VX25 enclosures. In order to achieve a safe cable entry, the existing 318 x 144 mm cut-outs must be individually closed with module plates or with cable entry elements.

Material:

- Sheet steel

Surface finish:

- Zinc-plated

For enclosure width mm	600	800	1000	1200
For enclosure depth mm	600	600	600	600
No. of cut-outs	2	3	4	6
Packs of	1 pc(s).	1 pc(s).	1 pc(s).	1 pc(s).
Model No.	7993.206	7993.208	7993.210	7993.212

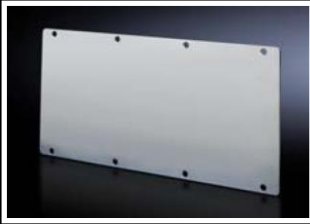

Note:

Prior to the installation of the Lütze frame or the mounting plate, the gland plates must be fitted from the inside of the enclosure.

Accessories

Module plates for gland plate

Module plates

**Material:**

- Sheet steel

Surface finish:

- Zinc-plated

Solid

For sealing unused cut-outs.

Easily machined for individual cut-outs.

For 16/24-pole connectors

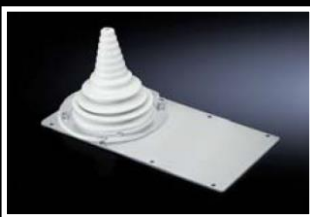

With 4 cut-outs to accommodate connectors.

For cable entry

For the entry of pre-assembled cables. Sealed, secure routing is achieved via adjustable angle brackets with inserted foam cable clamp strip. Fixed bracket, punched, for cable clamping.

With cable sleeve

For cable diameters from 10 to 65 mm. The flexible grommet adapts to the cable's bending radius.

**Packs of:**

1 pc(s).

Supply includes:

- Seal
- Assembly parts

Version	Model No.
Solid	8609.160

Version	Model No.
16-pole	8609.150
24-pole	8609.140

Version	Model No.
Cable entry	8609.170

Version	Model No.
Cable sleeve	8609.390

Cover plates

For connector cut-outs.

For unused cut-outs.

Material:

- Sheet steel

Surface finish:

- Zinc-plated

Version	Model No.
16-pole	2478.000
24-pole	2477.000

Packs of:

- 20 pc(s).

Supply includes:

- Seal
- Assembly parts
