Lieferanten-Nr. / No. of supplier:

Bei symmetrischer Belastung gelten folgende zulässige Gesamtbelaestungen:

The following total loads are permissible with a symmetrical load:

Lorsque les charges sont uniformément réparties dans l'armoire, les charges totales admissibles sont:

F = 2400 N bei / at / à 45°

F = 3200 N bei / at / à 60°

Bei symmetrischer Belastung senkrecht nach oben beträgt die max. zulässige Belastung je Transportöse:
 $F = 2000 \text{ N}$, Gesamtbelaestung: **F = 4000 N**

For a symmetrical load suspended vertically, the following max. permissible load per eyebolt applies:

$F = 2000 \text{ N}$, total load: **F = 4000 N**

Lorsque les charges sont uniformément réparties verticalement vers le haut, la charge max. admissible par anneau de transport est de :

$F = 2000$, charge totale admissible : **F = 4000 N**
