Rittal product solutions with maritime certifications

To ensure that nautical instruments, appliances and devices, power distribution infrastructure and IT systems work reliably in the harshest conditions, specialised equipment is required. Rittal has the appropriate certifications in almost all areas relevant to the maritime industry. We offer a wide range of solutions available worldwide, from compact enclosures to highly flexible bayed systems.

Technology that offers you maximum modularity and scalability.

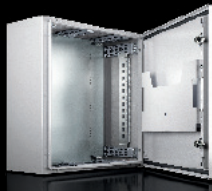

Enclosures

Compact enclosure AX

- Comprehensive system engineering
- Interior installation using rails and without drilling
- High system compatibility

www.rittal.com/compact-enclosure-AX

Plastic enclosure AX

- Innovative enclosure construction
- Sturdy and secure wall mounting
- Compatibility throughout
- Greater flexibility

www.rittal.com/enclosure-AX

Small enclosure KX

- Intelligent engineering
- Extensive accessories
- Greater space for cabling

www.rittal.com/small-enclosure-KX

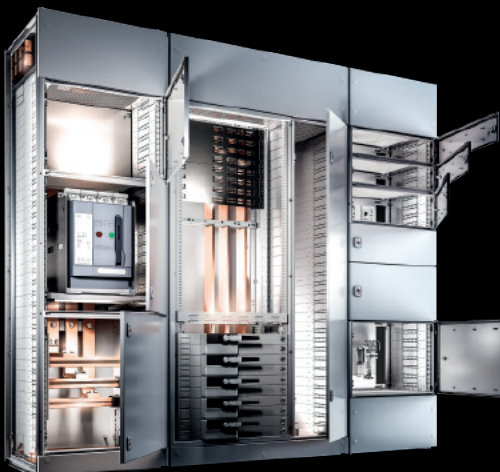

Baying enclosure system VX25

- Comprehensive system engineering
- Reduction in complexity due to simplified and standardised baying technology
- Simple and time-saving assembly

www.rittal.com/VX25

Polycarbonate enclosure PK

- Made of glass-fibre reinforced polycarbonate
- Safe thanks to self-extinguishing material
- Speedy maintenance due to a lid with a quick-release fastener

www.rittal.com/enclosure-PK

Power distribution

RiLine Compact busbar system

- For AC or DC applications
- Complete solutions up to 1600 A
- For individual switch- and controlgear

www.rittal.com/RiLine-system

Push-in conductor connection clamp

- Tool-free assembly
- Free of any maintenance
- Flexible use

www.rittal.com/push-in

VX25 Ri4Power

- Effective switchgear build for up to 6300 A
- Simple configuration with our online tool, including design verification & confirmation
- Extensive choice of standard compartments

www.rittal.com/ri4power
