# SG 2376.020 - Acoustic component for signal pillar, modular

To indicate warnings or malfunctions.

## Features

|   |   |
|---|---|
| Model No.                                       | SG 2376.020   |
| Design  | Continuous tone or pulsating, 85 dB, max. 25 mA   |
| Product description                             | To indicate warnings or malfunctions.   |
| Benefits  | Simple assembly and contact via bayonet fastener.   |
| Applications                                    | Mounting only on the upper end of the optical components or directly on the connection component.                   |
| Function principle                              | A modular layout is possible with connection, optical and acoustic components, incandescent lamps and a label panel |
| Material  | Enclosure of polyamide  |
| Colour  | Black   |
| Rated impulse withstand voltage, phase to phase | 2500 V AC   |
| Rated insulation voltage                        | 250 V AC  |
| Packs of  | 1 pc(s).  |
| Net weight                                      | 0.09  |
| Gross weight                                    | 0.106   |
| Customs tariff number                           | 85311095  |
| EAN   | 4028177220454   |
| ECLASS 8.0                                      | 27371237  |
