# SK 3238.020 - Blanking cover for filter fans / outlet filters

If you need to close existing mounting cut-outs for fan-and-filter units/outlet filters in order to achieve a higher protection category, a blanking cover may be used in the fan-and-filter unit / outlet filter instead of the filter mat, without the need for welding or other metal machining.

## Features

|                                     |  |
|-------------------------------------|--|
| Model No.                           | SK 3238.020  |
| Product description                 | If existing mounting cut-outs for fan-and-filter units/outlet filters need to be closed to achieve a higher protection category, the filter mat of the fan-and-filter unit/outlet filter can simply be replaced with a blanking cover, welding or other mechanical modification of the enclosure is not necessary. |
| Material                            | PE, closed-cell  |
| Colour                              | Anthracite   |
| Note                                | No suitable for use in EMC filter fans.  |
| To fit Model No.                    | 3238....   |
| Dimensions                          | Width: 114 mm<br>Height: 114 mm<br>Depth: 8 mm   |
| IP protection category to IEC 60529 | IP 54  |
| Packs of                            | 2 pc(s).   |
| Net weight                          | 0.008  |
| Gross weight                        | 0.01   |
| Customs tariff number               | 39211900   |
