AS 4055.953 - Enclosure machining 2000 mm for Perforex MT 2101 S

This machine setup with an extended support surface supports machining of cubes up to a maximum depth of 2000 mm. This ensures the machining of non-dismantlable enclosures on Perforex Milling Terminals MT S.

Features

Model No.	AS 4055.953
Design	Motorised depth adjuster including membrane clamping system Pneumatic clamping device
Product description	This machine setup with an extended support surface supports machining of cubes up to a maximum depth of 2000 mm. This ensures the machining of non-dismantlable enclosures on Perforex milling terminals MT.
Benefits	Depth-variable More flexible, extended application range Easy to operate Reduced setup time Boosts productivity
Packs of	1 pc(s).
Net weight	95 kg
Gross weight	100 kg
Customs tariff number	84571090
