VX 5302.037 - Connection kit for separate frame VX IT

Kit for separate VX IT frame.

Features

Model No.	VX 5302.037
Product description	Every VX IT frame is easily converted to a rack suitable for dismantling. To this end, the frame sections in the roof and base frame must be separated, optionally in the width or depth. The four connection components are inserted into the frame section and screw-fastened. The external dimensions of the frame remain unchanged.
Supply includes	4 connection components, internal 4 connection components, external Earth strap Assembly parts
Note	The maximum achievable IP protection category is restricted by separation of the frame. The static load capacity of the frame structure is reduced to 8,000 N
Packs of	1 pc(s).
