AX 1094.000 - Basic enclosure AX, carbon steel

The AX wall-mounted enclosure with embossed enclosure cams in the roof, base and side replicates the familiar 25 mm system grid from the VX25 large enclosure. Thanks to this unique, patented system, AX wall-mounted control enclosures are prepared for all expansion and retrofit cases. System components and accessories can be installed and retrofitted easily, quickly and safely on rails without drilling.

Features

Model No.	AX 1094.000
Benefits	More interior finishing options thanks to integrated housing cams in
	the 25 mm system grid in combination with the rail for interior
	finishing and our wide range of system accessories
	Maintaining the protection class (UL approval) by mounting the rail
	for interior installation without drilling
	Additional mounting level and increased load capacity due to base
	configuration rail
	Easy planning and configuration with the Rittal configurator RiPanel
Material	Housing: Carbon steel
	Door: Carbon steel, all-round foamed-in PU seal
Surface finish	Housing and door: Dipcoat primed, powder-coated on the outside,
	textured paint
	Mounting panel: Zinc-plated
Color	RAL 7035
