IT 7998.930 - RiMatrix Cooling Container

Efficient re-cooling systems in the container frame, ready for connection and system-tested with redundant chillers with integrated free cooler or additional external free cooler and network functions.

Features

Model No.	IT 7998.930
Product description	Efficient re-cooling systems in the container frame, ready for connection and system-tested with redundant chillers with integrated free cooler or, depending on the version, additional external free cooler and network functions.
Benefits	Individual container solutions Predefined Data Center Container variants Predefined components Project planning and complete documentation of all components Short planning phase and delivery time Complete turnkey system
Applications	Cooling For individual design or perfectly tailored to an IT or AIO container
Function principle	Depending on the version, the cooling modules contain one or more chillers, optionally with additional separate free cooling and control station for cooling, ready for connection for IT and AIO modules or an existing data center.
Packaging unit	1 pc(s).
ETIM 7.0	EC002499
ECLASS 8.0	27180207
