TS 8950.840 - TS 8 Disconnect Modules

UL-compliant safety lock for enclosure suites in accordance with US regulations. The isolator door cover, in conjunction with the operating mechanism, adjacent door lock and interconnecting rods, meets the requirements of UL 508 A.

Features

Model No.	TS 8950.840
Product description	Incl. main door lock to securely lock enclosures and enclosure suites, meets US requirements, only in combination with actuator level for master switch.
Benefits	In combination with operating mechanism, adjacent door latch, interconnecting rods meets the requirements of UL 508 A. Compact design with 125 mm width, may optionally be fitted on the left or right of the enclosure. With this cover, all single-door standard TS 8 enclosures may be configured as isolator door enclosures. The complete installation surface of the enclosure is retained. In conjunction with the integrable TS mounting plate infill, the mounting surface of the main enclosure can be enlarged by around 100 mm in the width. Cover may only be mounted on a single-door enclosure with tubular door frame Two cut-outs for actuator levers on the front for installation at different heights
