## SK 3213.310 Air diverter

State: 10/09/2025 (Source: rittal.com/com-en)

## SK 3213.310 - Air diverter

Targeted routing of the cold air flow to avoid hot spots in the enclosure. Particularly well-suited for densely-packed electrical components in the enclosure.

## **Features**

| Model No.             | SK 3213.310                                                                                                                                                                                                 |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product description   | For use with wall-mounted cooling units, for targeted routing of cold air in a downward direction. Particularly well-suited for densely-packed electrical components in the lower section of the enclosure. |
| Benefits              | Cold air is routed downwards                                                                                                                                                                                |
| Material              | Sheet steel                                                                                                                                                                                                 |
