AS 4051.214 - Wire rail system WT 15

The 15-way wire rail system sorts the wires and outputs them into wire rails. It can hold up to 2100 wires on a project-specific basis.

Features

| AS 4051.214 |
|---|
| The 15-way wire rail system sorts the wires and outputs them into |
| wire rails. It can hold up to 2100 wires on a project-specific basis. |
| Project-specific order picking for downstream processes |
| Project-specific sorting of the wires |
| Optimum removal handling |
| Busbar system prepared for optimum workstation order-picking |
| No wire sorting required |
| Simplifies the wiring process with step-by-step instructions in Eplan |
| Smart Wiring |
| Ideal in conjunction with the Wire Cart for perfect workstation order |
| picking |
| Sequential wire production in WT wire rails |
| Also possible in combination with the chain bundle module WT |
| Including the latest RFID technology |
