# DK 7115.000 - Fastening bolts for slotted component shelves

For non-slip attachment of your components, the bolts are screwed into the longitudinal slots of the component shelf support surface, consequently, they are infinitely adjustable and can be adapted to suit any appliance.

## Features

|                       |                                                                                                                                                                                                                              |
