SZ 8618.425 - Door stay for escape routes

In case of an emergency, conventional door stays can block the escape route. The stay is actuated automatically under pressure, releasing the door in both directions. In conjunction with 180° hinges, this ensures that no escape routes are blocked by open doors in the event of an emergency.

Features

Model No.	SZ 8618.425
Product description	In an emergency situation, conventional door stays could block the escape route. The stay is activated automatically by pressure, releasing the door in both directions. In conjunction with 180° hinges, this ensures that no escape routes are blocked by open doors in the event of an emergency.
Supply includes	Assembly parts
To fit enclosure type	VX
Packs of	1 pc(s).
Net weight	0.25 kg
Gross weight	0.308 kg
Customs tariff number	83024900
