| Product description           | For the horizontal separation of compartments. In combination with<br>the side panels, this creates Form separation to Form 1 to 4. For<br>attachment to the compartment side panel or the enclosure section<br>The integral cut-outs with pre-punched knock-out option are used<br>for the vertical routing of control lines or cable ducts and for the<br>routing of distribution busbars or connection kits. |
| Material                      | Sheet steel, 1.5 mm                                                                                                                                                                                                                                                                                                                                                                                             |
| Surface finish                | Zinc-plated                                                                                                                                                                                                                                                                                                                                                                                                     |
| Supply includes               | Assembly parts                                                                                                                                                                                                                                                                                                                                                                                                  |
| Assembly instruction          | For assembling compartments as internal Form separation, compartment side panels are required                                                                                                                                                                                                                                                                                                                   |
