TS 8800.350 - Captive nuts

Used on enclosures and rails with rectangular system punching 12.5 x 10.5 mm. The nuts are inserted from the same side as screw-fastening takes place.

Features

| | |
|----------------------|--|
| Model No. | TS 8800.350 |
| Product description | The nuts are inserted from the same side as screw-fastening takes place. Consequently, attachment points in the same height or width may also be used around corners. The spring cage also ensures electrical connection in the system punchings. |
| Installation options | On the vertical TS, VX SE enclosure section via adaptor rails for VX compatibility On the horizontal TS enclosure section On the horizontal VX SE enclosure section, bottom On the horizontal VX SE enclosure section, top in the depth On punched rails 23 x 23 mm On punched section without mounting flange, 23 x 73 mm On punched section without mounting flange, 45 x 88 mm On punched sections with mounting flanges, 23 x 73 mm On enclosures and rails with rectangular system punching 12.5 x 10.5 mm. |
