Installation kit for swing frames in network enclosures

With the installation kit swing frames can be installed in a 800 mm wide network enclosure. The installation kit is attached to the 25 mm DIN pitch pattern of holes and is depth-adjustable. If the swing frame is partially installed in the network enclosure, it is also height-adjustable in the 25 mm pitch pattern of holes. The opening angle of the swing frame is 180°

Material: sheet steel

Colour: RAL 7035
