## SK 3313.560 - Liquid Cooling Package LCP Inline CW, LCP Inline CWG

Bayed climate control designed for siting within a bayed enclosure suite. The hot air is extracted at the rear of the unit, cooled and then expelled forwards to the cold aisle.

#### Features

| Model No.          | SK 3313.560   |
|--------------------|---|
| Design             | CW  |
| Benefits           | Maximum energy efficiency due to EC fan technology and IT-based control   |
|                    | Minimal pressure loss at the air end, which in turn minimises the power consumption of the fans   |
|                    | Optimum adaptability due to dynamic, continuous control of the cold water volume flow   |
|                    | By using high water inlet temperatures, the proportion of indirect  |
|                    | free cooling is increased, which in turn reduces operating costs  |
|                    | Targeted cooling output due to modular fan units  |
|                    | Fan modules configurable as n+1 redundancy  |
|                    | Standard 3-phase connection for electrical redundancy   |
|                    | With redundant temperature sensor integrated at the air end as standard   |
|                    | The separation of cooling and enclosure prevents the ingress of water into the server enclosure   |
|                    | A footprint of max. 0.36 m <sup>2</sup> for all cooling services  |
|                    | Improved heat recovery, thanks to high water return temperatures<br>when using LCP CW glycol variants, for example in combination<br>with a heat pump |
|                    | Optimum access for maintenance and servicing from the front and rear  |
|                    | Tool-free replacement of the fan modules  |
| Function principle | The hot air is drawn in from the room or hot aisle at the rear of the   |
|                    | device and expelled at the front into the cold aisle after cooling.   |
|                    | With this product, a raised floor is not necessary.   |
| Material           | Sheet steel, spray-finished   |
| Colour             | RAL 7035  |
|                    |   |

## Features

| Options   | Direct connection of additional CMC III sensors is supported<br>Racks 2200 mm high  |
|---|---|
| Design  | Suite cooling   |
| Monitoring  | Monitoring of all system-relevant parameters such as server air<br>intake temperature, server waste air temperature, water inlet/return<br>temperature, water flow, cooling output, fan speed, leakage<br>Direct connection of the unit via SNMP over Ethernet<br>Integration into RiZone |
| Total cooling output/Number of fan modules        | 48 kW/4<br>51 kW/5<br>53 kW/6   |
| Air throughput (unimpeded air<br>flow)            | At 50 Hz: 8,000 m³/h  |
| Number of fan modules in supplied state           | 4   |
| Dimensions  | Width: 300 mm<br>Height: 2,000 mm<br>Depth: 1,200 mm  |
| To fit enclosure type                             | VX IT   |
| Installation in bayed enclosure suite             | Set forward   |
| Rated operating voltage                           | 230 V, 1~, 50 Hz/60 Hz<br>400 V, 3~, 50 Hz/60 Hz  |
| Max. cooling output                               | 53 kW   |
| Type of electrical connection                     | Connector   |
| Duty cycle  | 100 %   |
| Cooling medium                                    | Water   |
| Cooling medium note                               | Water quality according to unit specifications.   |
| EC fan  | Yes   |
| Fans may be exchanged with the system operational | Yes   |
|   |   |

### Features

| Temperature control                         | Linear fan control<br>Two-way control valve  |
|---|--|
| Water connections                           | DN 40 (G 1½" external thread)  |
| Permissible operating pressure (p.<br>max.) | 10 bar   |
| Water inlet temperature                     | 15 °C  |
| Protection category to IEC 60 529           | IP 20  |
| Options                                     | Direct connection of additional CMC III sensors is supported<br>Racks 2200 mm high |
| Packs of                                    | 1 pc(s).   |
| Net weight                                  | 217.5  |
| Gross weight                                | 227.5  |
| Customs tariff number                       | 84186900   |
| EAN   | 4028177953949  |
| ETIM 9                                      | EC002515   |
| ETIM 8                                      | EC002515   |
| ECLASS 8.0                                  | 27180712   |
