CP 6074.100 - Support sections CP-C

Support sections for CP-C support arm system

Features

Model No.	CP 6074.100
Design	solid
Product description	Attachment to the connection components with 4 self-tapping screws in the screw channel. May be cut to any required length, no thread-tapping required. Closed cable duct with a large cross-section. Open cable duct for easy servicing access and for pre-assembled cables with connectors, lockable via cover section. X-shaped profiling for greater load capacity, large cable routing channels. Upper channel adequate for cables with large connectors (e.g. DVI or VGA) and available/usable throughout the entire system.
Benefits	Easily adjusted without dismantling the system. Fast, simple assembly of the system Rotation range may be limited without dismantling the system Cross-section sufficient for large connectors Separation between data and power cables Removable cover for simple cable entry Flexible cable entry and routing options
Material	Support section: Extruded aluminium section Cover: Plastic
Colour	Support section: RAL 7035 Cover: RAL 7024
Supply includes	Support section CP-C
Length	500 mm
Material thickness	6,5 mm
Dimensions	Width: 75 mm Height: 120 mm Length: 500 mm
Packs of	1 pc(s).
