| Product description  | For frame attachment, for installation in enclosures without 482.6 mm (19") accommodation.                                                                                                                                                                                                                                            |
| Benefits             | Mounting bolts or mounting rails may be installed on a 25 mm pitch pattern in the enclosure depth.<br>Mounting hole for handles provided.                                                                                                                                                                                             |
| Applications         | For installation in enclosures without 482.6 mm (19") accommodation                                                                                                                                                                                                                                                                   |
| Material             | Sheet steel                                                                                                                                                                                                                                                                                                                           |
| Surface finish       | Spray-finished                                                                                                                                                                                                                                                                                                                        |
| Colour               | RAL 7035                                                                                                                                                                                                                                                                                                                              |
| Supply includes      | Component shelf, slotted                                                                                                                                                                                                                                                                                                              |
| Installation options | Static installation: Component shelf, 50 kg with fixing bolts on punched section without mounting flange<br>Static installation: Component shelf, 100 kg with mounting rails on punched sections without mounting flange<br>Depth variable: Component shelf, 50 kg with telescopic slides on punched sections without mounting flange |
| Load capacity        | 50 kg area load                                                                                                                                                                                                                                                                                                                       |
| Assembly instruction | Additionally, two punched sections with mounting flanges are required for the inner mounting level                                                                                                                                                                                                                                    |
| Note                 | Max. depth of component shelves = Enclosure depth - 100 mm.                                                                                                                                                                                                                                                                           |
