## Rittal – The System.

Faster – better – everywhere.

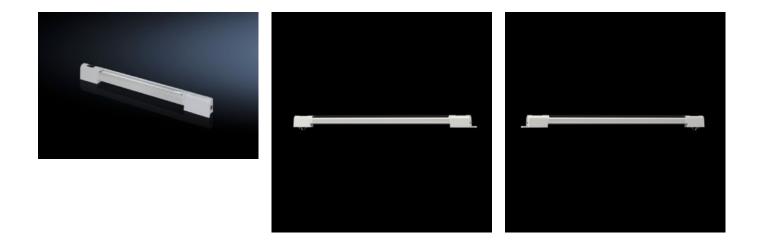

# SZ 4140.810 LED compact system light

State: 2/08/2025 (Source: rittal.com/ie-en)

## SZ 4140.810 - LED compact system light

Supply voltage: 24 V DC

#### **Features**

| Model No.                | SZ 4140.810  |
|--------------------------|--|
| Benefits                 | Max. EMC capacity.   |
|                          | Safe, thanks to operation in the extra-low safety voltage range. |
|                          | Economical energy use.   |
|                          | Low-maintenance thanks to the use of LEDs.                       |
|                          | May be connected to a door-operated switch.                      |
| Function principle       | Integral through-wiring.   |
|                          | Universal attachment options.                                    |
|                          | Vertically hinged light cone                                     |
| Material                 | Light body: Extruded aluminium                                   |
|                          | Light cover: Polycarbonate (halogen-free)                        |
|                          | Light ends: PC-ABS   |
| Colour                   | Similar to RAL 7035  |
| Supply includes          | LED compact system light   |
|                          | Light  |
|                          | Light cover  |
|                          | Assembly parts   |
| Mounting distance screws | 250 mm   |

### Features

| Connection options                              | Power supply via connectors  Door-operated switch  Through-wiring (creating rows of lights)  |
|---|--|
| Light   | LEDs, cold white   |
| Protection class                                | III (SELV)   |
| Switch (type)                                   | Integral on/off/door-operated switch   |
| Light cover                                     | Yes  |
| Light – installation type                       | Screw-fastening Clip attachment Magnetic attachment (accessory)  |
| Rated impulse withstand voltage, phase to earth | Depending on the power pack  |
| Rated impulse withstand voltage, phase to phase | Depending on the power pack  |
| Rated insulation voltage                        | Depending on the power pack  |
| Rated current max DC note                       | When configuring rows of lights, the maximum rated current is 2 amperes  |
| With DC   | 0.04 A   |
| Number of LEDs                                  | 10   |
| Mounting distance clip/magnet                   | 175 mm   |
| Installation options                            | Directly onto the enclosure section with 25 mm pitch pattern Via mounting kit magnet AE: with rail for interior installation   |
| Note  | Only intended for use in enclosures and sealed cases When using on customer-supplied power packs, it is important to obtain the requisite approvals depending on the application When configuring rows of lights, the maximum rated current is 2 amperes |
| Light cone adjustment                           | Yes  |
| Dimensions                                      | Width: 230 mm<br>Height: 32.8 mm<br>Depth: 20.64 mm  |
