Tender text

Rittal power system module mounting kit

The power system module busbar can be installed in a FlexRack(i) without having to use an adaptor or can be retrofitted to all Rittal TE racks using a DK 7000.684 mounting kit.

Technical fittings:

Mounting kit for 1200 mm and 2000 mm high enclosures including assembly parts for busbar installation to the standard Rittal rack mounting points. Installed on the frame section or configuration accessories, such as the punched sections or depth stays, using self-tapping screws.
