SK 3313.614 Connection hose

State: 16/11/2025 (Source: rittal.com/in-en)

SK 3313.614 - Connection hose

Flexible connection hose, may be shortened, including union nuts on both sides for connecting the LCP/LCU to existing pipework.

Features

SK 3313.614
Rack cooling CW
The LCU cooling water connection is easily connected to the on-site pipework with the water connection kit. The hoses have a 90° bend on one side and a clamping tray on the other, to allow shortening of the hoses. Allows shortening of the hoses.
