| Model No.                | TS 8801.330                                                                                                                                                                                                                                                                                     |
| Product description      | For mounting roof-mounted units, roof-mounted air/water heat exchangers. The cut-outs in the roof plate are arranged so that the roof-mounted cooling units are positioned centrally on the enclosure.                                                                                          |
| Benefits                 | Simple, fast assembly                                                                                                                                                                                                                                                                           |
| Material                 | Sheet steel                                                                                                                                                                                                                                                                                     |
| Colour                   | RAL 7035                                                                                                                                                                                                                                                                                        |
| Supply includes          | Assembly parts                                                                                                                                                                                                                                                                                  |
| Mounting cut-out         | Width:490 mm<br>Depth:390 mm                                                                                                                                                                                                                                                                    |
| Distance cut-out to back | 61.3 mm                                                                                                                                                                                                                                                                                         |
| Note                     | When mounting cooling units on the roof plate 8801.310, there may be a collision with the enclosure eyebolts. For this reason, roof fastening screws are supplied loose with the roof plates.<br>Attached to the roof plate 8801.340 from the inside using metal brackets and retaining clamps. |
