# DK 7072.230 - Nylon loop

With the nylon loop, secured cables are easily released, allowing individual cables to be added or removed, ideal for sensitive data cables (fibre-optic/Cu).

## Features

| | |
|---|---|
| Model No. | DK 7072.230 |
| Product description | With the nylon loop, secured cables are easily released, allowing individual cables to be added or removed. Ideal for sensitive data cables (fibre-optic/Cu), as it avoids indentations on the cable sheathing. In addition, the nylon loop may be screw-fastened to the round system punchings or attached using a quick-release fastener. |

# Tender text

Nylon loop for cable routing, max. cable diameter 50 mm

The nylon loop is attached to cable clamp rails, C rails, system rails or to the enclosure frame. The nylon loop may be screw-fastened as per the 25 mm DIN pitch pattern. The nylon loop can hold cable bunches up to 50 mm in diameter; single cables can easily be added or detached.
Nylon loop length: 200 mm
Max. cable diameter: 50 mm
