AS 4051.038 - XL wire store for Wire Terminal

The modular wire store XL allows space-saving accommodation of six wire drums on two storeys. This enables the controlled infeed of 12 wire types into the Wire Terminal from the central wire store via the wire guides. Depending on the number of wires used, the wire store may be extended to a maximum of 36 wire containers with additional modules on the left and right.

Features

Model No.	AS 4051.038
Product description	The modular wire store XL allows space-saving accommodation of six wire drums on two storeys. This enables the controlled infeed of 12 wire types into the Wire Terminal from the central wire store via the wire guides. Depending on the number of wires used, the wire store may be extended to a maximum of 36 wire containers with additional modules on the left and right.
Benefits	High flexibility due to modular system.
Technical specifications	For large wire drums with max. dimensions 500 x 500 mm Controlled infeed of wires into the Wire Terminal WT Max. admissible load, top storey: 540 kg (corresponding to 6 wire drums @ 90 kg) Max. admissible load, top storey: 210 kg (corresponding to 6 wire drums @ 35 kg)
Supply includes	Additional module
Support area	Width: 1,550 mm Height: 2,250 mm Depth: 1,050 mm
To fit Model No.	4051.024 4051.036
Packs of	1 pc(s).
Net weight	170 kg
Gross weight	180 kg
Customs tariff number	94032080
