## SZ 4140.120 - Compact light

Compact light - slimline, space-saving light for use inside the enclosure

#### Features

| Model No.                  | SZ 4140.120  |
|----------------------------|--|
| Benefits                   | Slimmer: Around 50% less height and depth and therefore around         |
|                            | 75% less volume than conventional lights                               |
|                            | Faster: Universal fast attachment to the TS slots via clips, screws, o |
|                            | powerful magnets (optional). Simply slide in at the side or rear, fit  |
|                            | the light, and it's done!  |
|                            | Door-operated switch can also be connected via a 2-pole connector      |
|                            | Transparent light cover, grooved on the inside                         |
| Colour                     | Similar to RAL 7035  |
| Supply includes            | Compact light with clip and screw mounting kits                        |
|                            | Light  |
|                            | Light cover  |
|                            | Connection cable   |
|                            | Assembly parts   |
| Power consumption          | 14 W   |
| Length of connection cable | 3 m  |
| Mounting distance screws   | 725 mm   |
|                            |  |

#### Features

| Ballast   | Electronic ballast  |
|---|---|
| Connection options                              | Integral connection cable with open end<br>Door-operated switch   |
| Light   | Fluorescent lamp T5   |
| Protection class                                | II (all-insulated)  |
| Switch (type)                                   | Integral on/off/door-operated switch  |
| Cable deflection via rear possible              | Yes   |
| Light cover                                     | Yes   |
| Light – installation type                       | Screw-fastening<br>Clip attachment<br>Magnetic attachment (accessory)   |
| Rated impulse withstand voltage, phase to earth | Depending on the power pack   |
| Rated impulse withstand voltage, phase to phase | Depending on the power pack   |
| Rated insulation voltage                        | Depending on the power pack   |
| With DC   | 0.57 A  |
| Mounting distance clip/magnet                   | 650 mm  |
| Installation options                            | TS horizontal section of the roof frame: direct<br>TS, SE vertical section: direct<br>SE extrusions at the front and rear of the roof frame: direct<br>SE extrusions at the side of the roof frame: direct<br>AE, CM, TP: with magnet mounting kit<br>AE: with rail for interior installation |
| Note  | Door-operated switch can also be connected via a 2-pole connector   |
| Note on Model No.                               | Cable deflector across rear possible  |
| Dimensions                                      | Width: 705 mm<br>Height: 59 mm<br>Depth: 24 mm  |
| Operating temperature range                     | -15 °C45 °C   |
| Storage temperature range                       | -20 °C70 °C   |
|   |   |

#### Features

| Rated operating voltage                 | 24 V (DC)     |
|---|---------------|
| IP protection category to IEC 60<br>529 | IP 20         |
| Packs of                                | 1 pc(s).      |
| Net weight                              | 0.739         |
| Gross weight                            | 0.74          |
| Customs tariff number                   | 94054990      |
