# SZ 2563.450 - Two-part gland plate with foam rubber cable clamp strip for AX

The divided gland plate supports simple mounting on the enclosure and offers a range of different installation options. For simple insertion of cables with and without connectors into the enclosure. Special drilled holes in the gland plate ensure automatic potential equalisation during screw-fastening. Bolts, clips and earthing cables are no longer required.

## Features

|                       |                                                                                                                                                 |
