IT 7030.601 - Comfort handle VX with numerical code, for VX, VX IT

Comfort handle with numerical code, individually set

Features

| | |
|---------------------|--|
| Model No. | IT 7030.601 |
| Product description | Flexible access opportunities with individual 4-digit code. |
| Benefits | Enhanced security by regularly resetting the code Emergency opening and overwriting of the code is possible with a 40 mm profile half-cylinder to DIN 18 252 |
| Function principle | The 4-digit code may be set individually by the user Programming mode can only be accessed via the set code Once the code has been entered or used, it is automatically reset to the digits "0000" so that it cannot be read by a third person once the handle has been opened May be opened in an emergency situation or if the code is forgotten using the master key function with key |
