## Rittal – The System.

Faster - better - everywhere.

# CP 6372.553 Comfort Panel

State: 25.8.2025 (Source: rittal.com/si-sl)

#### CP 6372.553 - Comfort Panel

Aluminium enclosure, high thermal conductivity for optimum passive heat dissipation. Low weight coupled with high stability. Protection category IP 65 to IEC 60 529.

#### **Features**

| Model No.       | CP 6372.553  |
|-----------------|--|
| Design          | Support arm connection Ø 130 mm                                    |
| Benefits        | Aluminium enclosure, high thermal conductivity for optimum         |
|                 | passive heat dissipation.  |
|                 | Low weight coupled with high stability                             |
|                 | Compatible with all Rittal stand and support arm systems           |
| Material        | Enclosure: Extruded aluminium section                              |
|                 | Corner pieces: Die-cast zinc                                       |
|                 | Corner protectors: Plastic   |
| General colour  | Natural anodised   |
| Colour          | Enclosure: Natural anodised  |
|                 | Corner pieces: RAL 7035  |
|                 | Corner protectors: similar to RAL 7024                             |
| Supply includes | Enclosure with cut-out for support arm connection                  |
|                 | 3 mm double-bit lock insert may be exchanged for 41 mm lock        |
|                 | inserts, plastic handles and T handles, type C                     |
|                 | Seals and assembly parts for front panels                          |
|                 | Screw-fastened rear panel, enclosure hinged at the front with side |
|                 | double-bit lock insert   |
