# AS 4050.435 - Wiring duct cutter MC125

For manual cutting of wiring ducts, with adjustable length end stop for the machined material. Anodised contact surface with laser-engraved calibration in millimetres and inches. Integral finger guard ensures safe machining. Intended for mounting on a workbench.

## Features

|   |  |
|---|--|
| Model No.                                       | AS 4050.435  |
| Product description                             | For manual cutting of wiring ducts, with adjustable length end stop for the machined material. Anodised contact surface with laser-engraved calibration in millimetres and inches. Integral finger guard ensures safe machining. Intended for mounting on a workbench. |
| Benefits  | Enables inexpensive manual cutting of wiring ducts<br>Easier for cutting wiring ducts to length compared to sawing by hand   |
| Support area                                    | Width: 1,332 mm<br>Height: 798 mm<br>Depth: 405 mm   |
| Insertion height (max.)                         | 28 mm  |
| Machinable wall thickness of cable ducts (max.) | 2.5 mm   |
| Max. machinable width of cable duct             | 125 mm   |
