# VX 8618.803 Section for cable entry, centre

State: 13.12.2025 (Source: rittal.com/ua-en)

### VX 8618.803 - Section for cable entry, centre

The section is fitted directly onto the gland plates. In this way, when installing the mounting plate in the forward mounting position, the cables may be routed directly onto a cable clamp rail without large bending radii. In conjunction with the cable clamp rail, this enables optimum adjustment between the cable entry and mounting plate.
