# RX 9363.110 RiLineX Fuse-switch disconnector

State: 16/07/2025 (Source: rittal.com/uae-en)

## RX 9363.110 - RiLineX Fuse-switch disconnector

RiLineX NH fuse-switch disconnector in size 1 for mounting plates. The cover can be locked and prepared for a lead seal. It also has visual fuse monitoring. Integrated measuring points on the cover ensure safe voltage testing. NH fuse-switch disconnectors have a park position to make maintenance easier. Size M10 screw terminal connection.

#### Features

| Model No.                     | RX 9363.110   |
|-------------------------------|---|
| Design                        | For mounting plate assembly                                 |
| Benefits                      | Cover: can be locked and prepared for a lead seal           |
|                               | Voltage test through separate opening                       |
|                               | Tool-free changeover of the cable outlet                    |
|                               | Park position for simpler maintenance work                  |
|                               | High rated voltage 800 V ready                              |
|                               | All variants also available with electronic fuse monitoring |
| Material                      | Polyamide (PA 6)  |
|                               | Fire protection corresponding to UL 94                      |
|                               | Contact tracks: Electrolytic copper, silver-plated          |
| Colour                        | RAL 9005  |
|                               | RAL 35745   |
| for mounting plate assembly   | Yes   |
| Cable outlet                  | Top/bottom  |
| Type of electrical connection | Screw M10   |
|                               |   |

### Features

| Rated insulation voltage         | 1,000 kV                       |
|----------------------------------|--------------------------------|
| Rated operating current max.     | 250 A                          |
| Rated operating voltage          | 690 V AC                       |
| For NH size                      | 1                              |
| Test specification               | IEC/DIN EN 60 947-3            |
|                                  | DIN EN 60 269-2 (fuse inserts) |
| Dimensions                       | Width: 182 mm                  |
|                                  | Height: 298 mm                 |
|                                  | Depth: 111 mm                  |
| Operating temperature range      | -5 °C35 °C                     |
| Storage temperature range        | -25 °C70 °C                    |
| Number of poles                  | 3-pole                         |
| Utilisation category             | AC-23B (400 V/100 A)           |
|                                  | AC-22B (500 V/100 A)           |
|                                  | DC-22B (250 V/100 A)           |
|                                  | DC-21B (440 V/100 A)           |
| Contamination level              | 3                              |
| IP protection category to IEC 60 | IP 2XB                         |
| 529                              |                                |
| Power dissipation (max.)         | 42 W                           |
| Packs of                         | 1 pc(s).                       |
| Net weight                       | 2.2                            |
| Gross weight                     | 2.209                          |
| Copper weight (kg per piece)     | 0.57                           |
| Customs tariff number            | 85369095                       |
| ETIM 9                           | EC001040                       |
|                                  |                                |
