SK 3238.020 - Blanking cover for filter fans / outlet filters

If you need to close existing mounting cut-outs for fan-and-filter units/outlet filters in order to achieve a higher protection category, a blanking cover may be used in the fan-and-filter unit / outlet filter instead of the filter mat, without the need for welding or other metal machining.

Features

Model No.	SK 3238.020
Product description	If existing mounting cut-outs for fan-and-filter units/outlet filters need to be closed to achieve a higher protection category, the filter mat of the fan-and-filter unit/outlet filter can simply be replaced with a blanking cover, welding or other mechanical modification of the enclosure is not necessary.
