## DK 7856.240 - PSM socket modules

The various modules may be inserted into the support rail in any combination.

#### **Features**

non-switchable
The modular system facilitates basic configuration of the racks, thanks to a vertical support rail with single-/3-phase infeed. The various socket modules to supply the active components may be snap-fitted into the support rail. The various modules, earthing pins, IEC320 etc. may be inserted into the support rail in any combination. This is easily achieved, even by non-electricians, thanks to the shock hazard protected plug & play system.
Section: Aluminium, anodised Socket inserts: Plastic (PA6 GF 30 V1)
