DK 7979.020 - Connector lock for C14 and C20 connectors

Connector locks C14 and C20 are protected against accidental removal

Features

Model No.	DK 7979.020
Design	for C14 and C20 connectors
Product description	The universal lock can be used to latch IEC 60 320 C14 or C20 connectors in place to prevent accidental removal. Latching is adjustable and adapts to standard connector forms. This creates a reliable manufacturer-independent connection for most connection cables commonly available on the market.
