# AX 1034.000 - Basic enclosure AX, carbon steel

The AX wall-mounted enclosure with embossed enclosure cams in the roof, base and side replicates the familiar 25 mm system grid from the VX25 large enclosure. Thanks to this unique, patented system, AX wall-mounted control enclosures are prepared for all expansion and retrofit cases. System components and accessories can be installed and retrofitted easily, quickly and safely on rails without drilling.

## Features

|                |  |
|----------------|--|
| Model No.      | AX 1034.000  |
| Benefits       | <p>More interior finishing options thanks to integrated housing cams in the 25 mm system grid in combination with the rail for interior finishing and our wide range of system accessories</p> <p>Maintaining the protection class (UL approval) by mounting the rail for interior installation without drilling</p> <p>Additional mounting level and increased load capacity due to base configuration rail</p> <p>Easy planning and configuration with the Rittal configurator RiPanel</p> |
| Material       | <p>Housing: Carbon steel</p> <p>Door: Carbon steel, all-round foamed-in PU seal</p>  |
| Surface finish | <p>Housing and door: Dipcoat primed, powder-coated on the outside, textured paint</p> <p>Mounting panel: Zinc-plated</p>   |
| Color          | RAL 7035   |
