SK 3238.020 - Blanking cover for fan-and-filter units / outlet filters

If existing mounting cut-outs for fan-and-filter units/outlet filters need to be closed to achieve a higher protection category, the filter mat of the fan-and-filter unit/outlet filter can be replaced with a blanking cover. Welding or other mechanical modification of the enclosure is not necessary.

Features

| | |
|-------------------------------------|--|
| Model No. | SK 3238.020 |
| Product description | If existing mounting cut-outs for filter fan units/outlet filters need to be closed to achieve a higher protection category, the filter mat of the filter fan unit/outlet filter can simply be replaced with a blanking cover, welding or other mechanical modification of the enclosure is not necessary. |
| Material | PE closed-cell |
