# SK 3240.710 Blue e+ filter fan

State: 9/11/2025 (Source: rittal.com/us-en)

#### SK 3240.710 - Blue e+ filter fan

Complete fan unit for tool-free mounting on surfaces. Air throughput from 11 - 682.75 cfm, protection category IP 54 as standard.

#### **Features**

| Model No.           | SK 3240.710  |
|---------------------|--|
| Version             | wall-mounted   |
| Product description | Filter fans with diagonal fan technology are more pressure-resistant and produce more constant air performance. The diagonal outflow direction ensures a more uniform heat dissipation from the enclosure.   |
| Benefits            | Highest airflow through pleated filter in delivery condition Easy filter change thanks to a new opening mechanism on the louvre grille Faster assembly on the enclosure due to optimized snap hooks Diagonal fan technology ensures more uniform and consistent ventilation of the control cabinet through higher pressure stability. Tool-free mounting |
| Material            | Plastic  |
| Color               | RAL 7035   |
| Supply includes     | Complete unit ready to install, including pleated filter   |
| Fan                 | Diagonal, shaded pole motor  |
|                     |  |

### Features

| Unimpeded air flow (with chopped      | At 50 Hz: 175 m³/h                             |
|---------------------------------------|--|
| fiber filter)                         | At 60 Hz: 157 m³/h                             |
|                                       | At 50 Hz: 103 cfm                              |
|                                       | At 60 Hz: 92.4 cfm                             |
| Unimpeded air flow (with pleated      | At 50 Hz: 218 m³/h                             |
| filter)                               | At 60 Hz: 191 m³/h                             |
|                                       | At 50 Hz: 128.31 cfm                           |
|                                       | At 60 Hz: 112.42 cfm                           |
| Airflow with corresponding outlet     | At 50 Hz: 130 m³/h                             |
| filter including chopped fiber filter | At 60 Hz: 112 m³/h                             |
|                                       | At 50 Hz: 76.52 cfm                            |
|                                       | At 60 Hz: 65.92 cfm                            |
| Airflow with corresponding outlet     | At 50 Hz: 191 m³/h                             |
| filter including pleated filter       | At 60 Hz: 161 m³/h                             |
|                                       | At 50 Hz: 112.42 cfm                           |
|                                       | At 60 Hz: 94.76 cfm                            |
| Rated operating voltage               | 115 V, 1~, 50 Hz/60 Hz                         |
| Rated power Pel                       | At 50 Hz: 35.5 W                               |
|                                       | At 60 Hz: 38.2 W                               |
| Rated current max.                    | At 50 Hz: 0.41 A                               |
|                                       | At 60 Hz: 0.42 A                               |
| Dimensions                            | Width: 255 mm                                  |
|                                       | Height: 255 mm                                 |
|                                       | Depth: 129 mm                                  |
|                                       | Width: 10 "                                    |
|                                       | Height: 10 ″                                   |
|                                       | Depth: 5.08 "                                  |
| Installation depth                    | 108 mm   |
|                                       | 4.25 ″   |
| Mounting cut-out                      | Width of opening: 224 mm                       |
|                                       | Cut-out height: 224 mm                         |
|                                       | Width of opening: 8.82 "                       |
|                                       | Cut-out height: 8.82 "                         |
| Protection category IP to IEC 60      | IP 54 with chopped fiber filter/pleated filter |
| 529                                   | IP 55 with pleated filter and absorber mat     |
| JZ9                                   | ii 33 with pleated lifter and absorber mat     |

## Features

| Type 12 with abanned fiber filter/placted filter   |
|--|
| Type 12 with chopped fiber filter/pleated filter  Type 3, 3R, 4, 4X with chopped fiber filter/pleated filter and hose- proof hood  |
| Miniature circuit-breaker/fuse: 4 A  |
| For the 3237.XXX filter fan, the electrical connection is made via 2 individual wires (length approx. 300 mm) on the unit, for all other filter fans, it's made via a spring-loaded terminal |
