AS 4051.214 - Wire rail system WT 15

The 15-fold wire rail system is used for sorted wire output in wire rails. Up to 2100 wires can be stocked for each project.

Features

Model No.	AS 4051.214
Product description	The 15-fold wire rail system is used for sorted wire output in wire rails. Up to 2100 wires can be stocked for each project.
Benefits	Project-related commissioning for downstream processes Project-related sorting of wires Optimal removal handling Rail system prepared for optimal workplace picking No wire sorting required Simplifies wiring process with step-by-step instructions in Eplan Smart Wiring Optimal in combination with the Wire Cart for perfect workstation commissioning Sequential wire production in WT wire bars
Technical specifications	Also possible in combination with the WT chain bundle module option Includes modern RFID technology
Supply includes	Wire rail system WT 15
Suitable for Model No.	4051.205 4051.210
Packaging unit	1 pc(s).
Net weight	90 kg
Gross weight	95 kg
Customs tariff number	76169990
