DK 7280.035 - Junction box with multi-functional bracket

The cable junction box for mounting on the TS 8 frame profile or on rail systems is a transfer point of the power supply to all equipment such as filter fans, system lights or socket strips.

Features

Model No.	DK 7280.035
Product description	The system-compatible bracket is suitable for use in all network enclosures. The junction box acts as the transfer point to supply power to all the consumers (fans, lights and outlet strips). In addition to use as a junction box or transfer point, the drilled holes integrated on the bracket mean it can also accommodate a thermostat (SK 3110.000) or hygrostat (SK 3118.000).
