TS 8613.860 - Earthquake kit for TS

Earthquake kit for equipping TS 8 baying systems.

Features

Model No.	TS 8613.860
Product description	The standard design of the Rittal TS 8 enclosure 8806.500, in conjunction with the corresponding 100 mm sheet steel base/plinth, fulfills the requirements of Telcordia GR-63-CORE for earthquake zones 1, 2 and 3. This should be used as a benchmark for your own systems, as certification of empty enclosures is not possible. For earthquake zone 4, the TS 8 can be upgraded with an earthquake kit together with a comfort handle and earthquake base/plinth.
Applications	Conforms to Bellcore Earthquake Zone 4 requirements
Material	Carbon steel
Surface finish	Zinc-plated
Supply includes	2 side reinforcements, bottom 2 bracing struts each, sides 8 gusset plates Mounting plate attachment and reinforcement including assembly components
