TS 8800.806 Snap-on nut TS

State: 11/3/2025 (Source: rittal.com/us-en)

TS 8800.806 - Snap-on nut TS

Mounted on the vertical TS/SE enclosure profile. When the screw is tightened, it is securely braced against the profile, and equipotential bonding is automatically created.

Features

| TS 8800.806 |
|---|
| Metric thread for vertical TS/SE enclosure profile. To mount, insert and clip into slotted holes. The snap-on nut is then secured in place. When the screw is tightened, it is securely braced against the profile, and equipotential bonding is automatically created. |
| An alternative to metal screws Particularly well-suited for dynamically-loaded connections |
| Precision-cast stainless steel |
| On the vertical TS, VX SE enclosure profile and on the horizontal VX SE enclosure profile (top, in the width). |
