# DK 9970.846 - PDU Basic

Rittal's Basic PDU products provide reliable power distribution for equipment racks and other data center applications. User-friendly features include a combination of white and black outlets to easily distinguish between each branch circuit.

## Features

Model No.	DK 9970.846
Product description	The Basic PDU products provide reliable power distribution for equipment racks and other data center applications by offering different input and output data connection to distribute 110V or 208V power and 20 or 30 amp power input feed. Criteria for Branch Circuit Protection is met by the use of UL-listed fuses or breakers.
Benefits	Blade servers and high density computing power requirements continue to increase, creating heat expansion and more challenges for managing the IT environment. To maintain their competitive advantage, data center managers need SNMP-based solutions that monitor, track and manage servers, IT racks and its equipment.
Length	432 mm 17 "
Type of connection (electrical)	NEMA L6-30
Phases per infeed	1~
Rated current (max.)	30 A
Note on Model No.:	Power cord included
Dimensions	Width: 51 mm Height: 51 mm Length: 432 mm Width: 2.01 " Height: 2.01 " Length: 17 "
Outlets	12 x Non-Heating Apparatus Socket C13
Packaging unit	1 pc(s).
Net weight	5.8

# Features

Gross weight	5.8
Customs tariff number	8473309000
UPC-Code	83899
